

Name	Title	Research Interest
Chao-Hung Wang	Clinical professor, Internal medicine	Vascular biology Arteriosclerosis Stem Cells Diabetes, heart disease
Chi-Chin Sun	Clinical professor, Ophthalmology	Ophthalmology
Chih-Ken Chen	Clinical professor, Psychiatry	Psychopharmacology Biological Psychiatry Psychiatric Epidemiology Addictive substance-related disorders learn
Fang-Ping Chen	Clinical professor, Obstetrics and Gynecology	General obstetrics and gynecology Prevention and treatment of menopausal symptoms Infertility High level of various types of laparoscopic surgery
Chih-Chin Hsu	Clinical associate professor, Rehabilitation	Prosthetics harness Ultrasound Biomechanical studies Foot and diabetic foot rehabilitation
Mao-Meng Tiao	Clinical professor, Pediatrics	Hepatobiliary Gastroenterology Ultrasound Endoscopy
Chao-Cheng Huang	Clinical professor, Pathology	Anatomical Pathology Pathology
Shan-Fu Yu	Clinical assistant professor, Rheumatology	Medicine Immunology and Microbiology Biochemistry Genetics and Molecular Biology Pharmacology Toxicology and Pharmaceutics
Te-Chuan Chen	Clinical assistant professor, Internal medicine	Kidney-derived stem cells Carcinogenesis
Chih-Hung Chen	Clinical associate professor, Internal medicine	General Medicine Digestive diseases
Chun-Man Yuen	Clinical assistant professor, Surgery	Neurosurgery

Name	Title	Research Interest
Chin-Ren Huang	Clinical associate professor, Neurology	Neuromuscular disease Neuroelectrophysiology Neurology
Liang-Jen Wang	Clinical associate professor, Psychiatry	Child & Adolescent Psychiatry
Yi-chien Yang	Clinical assistant professor, Dermatology	Dermatology Stem cell Medical Biochemistry and Molecular Biology
You-Lin Tain	Clinical professor, Pediatrics	Children Nephrology Renal Physiology Free Radical Medicine Hypertension
Ho-Chang Kuo	Clinical professor, Pediatrics	Medicine , Biochemistry, Genetics and Molecular Biology , Immunology and Microbiology , Agricultural and Biological Sciences , Environmental Science , Pharmacology, Toxicology and Pharmaceutics , Nursing , Chemistry , Neuroscience
Fu-Chen Huang	Clinical associate professor, Pediatrics	Pediatrics Children's gastrointestinal hepatobiliary Science
Li-Tung Huang	Clinical professor, Pediatrics	Pediatrics Epilepsy
Hong-Ren Yu	Clinical professor, Pediatrics	Children's chest Children's Medicine Children's Allergy Immunology Rheumatology
Ming-Szu Hung	Clinical associate professor, Internal medicine	Diagnosis and treatment of lung cancer Respiratory thoracic medicine Intensive care medicine
Chang-Min Chung	Clinical associate professor, Internal medicine	Cardiac catheterization Interventional catheterization Pacemaker
Chih-cheng Chen	Clinical professor, Internal medicine	Hematology
Shih-Tai Chang	Clinical associate professor, Internal medicine	Disease and high blood pressure Diagnosis and treatment of heart failure patients Placing the dilation and stent for coronary artery balloon echocardiography Dialysis fistula ultrasonography and interventional therapy Heart related diseases
Kuo-Li Pan	Clinical assistant professor, Internal medicine	Cardiovascular disease

Name	Title	Research Interest
Tsan-Wen Huang	Clinical assistant professor, Surgery	Orthopedics
Kuo-Chin Huang	Clinical associate professor, Surgery	General Orthopedics
Wei-Hsiu Hsu	Clinical associate professor, Surgery	Joint reconstruction and artificial joints Trauma and emergency orthopedic fracture Sports medicine knee shoulder Hyperbaric Oxygen Therapy
Shie-Shan Wang	Clinical assistant professor, Surgery	Pediatric Surgery
Liang-Tseng Kuo	Clinical lecturer, Surgery	Orthopedics
Meng Lee	Clinical associate professor, Neurology	Neurology
Chien-Te Lee	Clinical assistant professor, Neurology	Stroke Peripheral neuropathy Dementia Epilepsy Movement Disorders
Chin-Hung Chen	Clinical professor, Psychiatry	Psychiatry Youth Psychiatry Depression Mental disorder
Cheng-Ming Hsu	Clinical associate professor, Otolaryngology	Otolaryngology
Ming-Hung Tsai	Clinical assistant professor, Pediatrics	Pediatrics
Chia-Yih Liu	Clinical associate professor, Psychiatry	Behavior Science Psychiatry
Ji-Tseng Fang	Clinical professor, Internal medicine	Acute and chronic kidney disease Hemodialysis Peritoneal Dialysis Hypertension Kidney transplant
Chiung-Chu Chen	Clinical associate professor, Neurology	Parkinson's disease Movement disorders Deep brain stimulation surgery

Name	Title	Research Interest
Ren-Huei Fu	Clinical assistant professor, Pediatrics	General pediatric disease Neonatal severe care Preterm infants with general illness and severe care Oxygen free from base damage Neonatal lung disease and treatment Infants with acute illness Infant Health Care Treatment of preterm infants with intensive care
Hung-Ming Wang	Clinical professor, Internal medicine	Head and neck cancer Nasopharyngeal Oral cancer
Liang-Shiou Ou	Clinical assistant professor, Pediatrics	Asthma Allergic rhinitis Atopic dermatitis Children with rheumatism
Fu-Tsai Chung	Clinical associate professor, Internal medicine	Lung tumor and endoscope Intensive Care Chronic cough Respiratory chest disease
Yeu-Jhy Chang	Clinical associate professor, Neurology	Cerebrovascular diseases Neurosonology
Su-Chin Shen	Clinical assistant professor, Ophthalmology	Diagnosis and treatment of glaucoma Small Incision Cataract Ultrasound Surgery General Eye Disease Diagnosis and Optometry High-resolution ultrasound imaging
Ching-Chi Chi	Clinical professor, Dermatology	Laser and pulsed light beauty L-C Whitening import Chemical Peels Acne Spots Whitening treatment Baldness hair loss Psoriasis
Yung-Hsin Yeh	Clinical associate professor, Internal medicine	Cardiac electrophysiology study and interventional treatment Pacemaker implantation Coronary heart disease and high blood pressure Diagnosis and treatment of heart failure patients
Jeng-Chang Chen	Clinical associate professor, Surgery	Fetal immune development tolerance induction molecular analyses for immune tolerance Pediatric Surgery

Name	Title	Research Interest
Cheng-Lung Hsu	Clinical professor, Internal medicine	Prostate cancer Head and neck cancer
Yu-Che Chang	Clinical associate professor, Emergency Medicine	Emergency medicine
Ying-Zu Huang	Clinical professor, Neurology	Neurology BIOMEDICAL SIGNAL PROCESSING Neurophysiology
Wen-Yu Chuang	Clinical associate professor, Pathology	Hematopathology
Tsung-Chieh Yao	Clinical professor, Pediatrics	Asthma Allergic rhinitis Prevention and treatment of allergic diseases in infants and young children Desensitization therapy Urticaria Purpura Kawasaki disease Childhood rheumatism Genomics General pediatric disease
Ming-Jang Hsieh	Clinical associate professor,Surgery	Surgery Medical education
Kuo-Hsuan Chang	Clinical professor, Neurology	Stem cell Immune Neurology
Chao-Yung Wang	Clinical associate professor, Internal medicine	Cardiology Interventional catheterization
Chung-Hsien Chaou	Clinical associate professor, Emergency Medicine	Emergency medicine
Hsuan-Kai Kao	Clinical assistant professor, Orthopedics	Orthopedic trauma fracture Pediatric fracture
Wen-Neng Ueng	Clinical professor, Orthopedics	Orthopedic infection Hyperbaric oxygen medicine Bone trauma Joint reconstruction
Shir-Hwa Ueng	Clinical professor, Pathology	Breast pathology Gynecologic pathology
Kuang-Yung Lee	Clinical professor, Neurology	Neurology
Kuo-Chen Liao	Clinical professor, Internal medicine	Geriatrics General medicine Medical education

Name	Title	Research Interest
Chuen Hsueh	Clinical professor, Pathology	Endocrine pathology Pediatric Pathology Head and neck pathology
Chien-Da Huang	Clinical associate professor, Internal medicine	Asthma Chronic Obstructive Pulmonary Disease
Ming-Ling Chang	Clinical professor, Internal medicine	Fatty liver Hepatitis B (HBV) Hepatitis C (HCV) Liver Fibrosis
Chang-Chyi Jenq	Clinical associate professor, Internal medicine	Urology and kidney medicine Medical education
Kuo-Su Chen	Clinical associate professor, Internal medicine	Nephropathy
Huang-Yu Yang	Clinical associate professor, Internal medicine	Acute and chronic Renal disease Hemodialysis CAPD
Wen-Chi Chou	Clinical associate professor, Internal medicine	Oncology
Chan-Yu Lin	Clinical assistant professor, Internal medicine	Nephrology
Tsai-Yu Wang	Clinical assistant professor, Internal medicine	Asthma Lung Cancer Snoring Chronic Obstructive Pulmonary Disease
Ji-Yih Chen	Clinical professor, Internal medicine	Rheumatology Genetic immunization Clinical and Developmental Immunology
Wen-Juei Jeng	Clinical assistant professor, Internal medicine	Zirrhose
San-Jou Yeh	Clinical professor, Internal medicine	Cardiovascular Disease Cardiac Arrhythmia Nuclear Medicine
Chun-Hua Wang	Clinical professo, Internal mediciner	Chronic obstructive pulmonary disease Chronic Cough Lung Tumor
Lung-An Hsu	Clinical associate professor, Internal medicine	General heart disease and high blood pressure Interventional treatment of peripheral vascular Interventional treatment of dialysis fistulas Molecular Genetics
Chih-Wei Yang	Clinical professor, Internal medicine	Kidney medicine Infection immunity Dialysis medicine

Name	Title	Research Interest
Chau-Ting Yeh	Clinical professor, Internal medicine	Hepatology Molecular Virology Hepatocarcinogenesis
Lee-Yung Shih	Clinical professor, Internal medicine	Hematopoietic system diseases Hematologic malignancies Molecular Diagnostics
Wei-Jan Chen	Clinical professor, Internal medicine	Cardiology
Huang-Kai Kao	Clinical associate professor, Surgery	Head and neck reconstruction Cosmetic surgery Stem cell research
Chih-Yuan Fu	Clinical associate professor, Surgery	Trauma and Emergency Surgery
Ching-Yi Lee	Clinical assistant professor, Surgery	Traumatic brain injury EMERGENCY intracranial hypertension
Chen-Pang Hou	Clinical assistant professor, Surgery	Urology
Hong-Yi Lai	Clinical assistant professor, Surgery	Neurosurgery
Jung-Ju Huang	Clinical assistant professor, Surgery	Tissue Engineering Stem cell Surgery
Kuo-Chen Wei	Clinical associate professor, Surgery	Neurosurgery
Meng-Yu Wu	Clinical associate professor, Surgery	Hepatic Surgery Gastroenterology Surgery
Tsung-Ting Tsai	Clinical professor, Surgery	Spine surgery Degenerative spine operation and artificial intervertebral Disc operation Disc cell Notochord cells Stem - cell research Osteoporosis and spinal grouting operation Endoscopic Lumbar Discectomy Spinal tumor and infection of operation
Jyi-Feng Chen	Clinical associate professor, Surgery	Degenerative spine surgery and vertebral fixation and fusion surgery Spinal trauma surgery Trigeminal neuralgia Neuropathic pain treatment and surgery Plastic surgery vertebral
Yi-Shun Huang	Clinical assistant professor, Otolaryngology	Head and neck tumors Otology Artificial electronic ear

Name	Title	Research Interest
Pei-Lun Sun	Clinical associate professor, Dermatology	Fungal diseases with cutaneous involvement
Shang-Hong Hong	Clinical associate professor, Dermatology	Laser therapy Skin care Fungal infections Spots Psoriasis Autoimmune diseases Skin disorders in general
Chih-Yung Chiu	Clinical associate professor, Pediatrics	Pulmonology Pulmonary Airway Disease Respiratory Physiology and Mechanism Genomics and Molecular Biology
Mei-Ching Yu	Clinical assistant professor, Pediatrics	Children Nephrology Autoimmune glomerulonephritis Kidney Syndrome Kidney transplantation in children Hereditary kidney disease
Kuan-Ying Arthur Huang	Clinical associate professor, Pediatrics	Immunology Infectious Disease Pediatric medicine
Jen-Fu Hsu	Clinical associate professor, Pediatrics	Newborn Care Infection Nutrition
Ju-Hui Cheng	Clinical associate professor, Pediatrics	Pediatrics Pediatric Nephrology
Hung-Hsueh Chou	Clinical associate professor, Obstetrics and Gynecology	Obstetrics
Carl Pai-Chu Chen	Clinical associate professor, Rehabilitation	Spinal injection therapy Musculoskeletal Rehabilitation
Chin-Man Wang	Clinical associate professor, Rehabilitation	Children Rehabilitation Developmental Delay Rehabilitation Scald rehabilitation Joint rehabilitation
Max Jin-Lung Chen	Clinical assistant professor, Rehabilitation	Cognitive sciences Pain Therapy Application of ultrasound in musculoskeletal aspects
